

SOULSIGN PRESENTS:

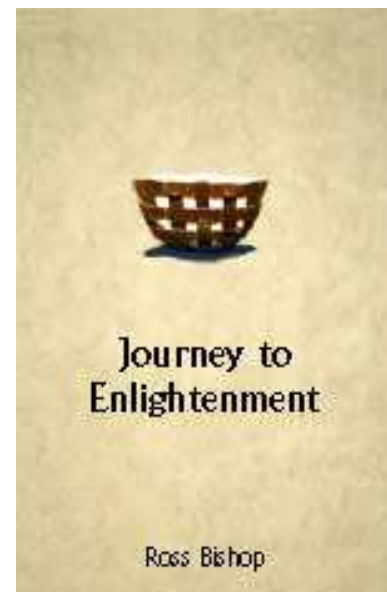

AUTHOR TALK & BOOKSIGNING *with Shaman Ross Bishop*

Enlightenment may not be as unreachable as you think.

Introducing Ross' New Release:

Ross writes: "Life is not about becoming something different than you already are. Life is about finding out that it's safe to let go of what you're not - of all the protective things you cling to that hold you back. You are already the magnificent being you are 'becoming.' The evolution is in your consciousness. Your learning the truth is the crux of the transformational process called enlightenment."

Early Praise for Journey to Enlightenment: An Incredible Book! I was overwhelmed by Ross Bishop's insights into the human condition. First, he gave a wonderful framework of life's journey and why we are "given" the difficulties we face. Then, he gave the tools to help us discover the meaning of our journey. A very powerful book! Very readable and engrossing. I am very grateful to Ross for showing the way through this book. *Toan*

Date: Saturday, July 19th, 2008

Time: 7:30 PM

Location: 217 Riverside Drive, Edgewater, MD 21037

Cost: Free
